

Champagne

The Drappier family has been producing Champagne since **1808**. This historic and pioneering house was instrumental in reintroducing Pinot Noir to the Aube post phylloxera, and it continues to work at the cutting edge of Champagne production. Provenance, excellence and distinctive style are the mantras, both in the vineyard, which is increasingly farmed according to organic principles, and in the cellar, where minimal use of sulphur is the rule and the wines remain unfiltered. In **2016**, Drappier became the first 'carbon neutral' Champagne house.

Together with husband Giles, she is a great believer in letting the grapes `do the talking` using minimal interventions to ensure the wines are expressive of their terroir. This premier cru Chablis originates from vineyards situated on long slopes facing the sunrise, allowing the sun to warm the soil for as long as possible, aiding the ripening of the grapes. Long and rich, with fruit flavours of lemon, apple and white blossom with distinctive mineral notes. A lovely finish which is smooth and rounded whilst still retaining the classic mineral terroir.
